Dates to Remember

August 22– Sept 1

Ms. Gemma will be on vacation

August 31

Walking Trip to the Library at 9:30am

September 5
SCHOOL CLOSED

September 16

P.O.G meeting 4pm

September 20
Open House

530-630

IMUA FOODMART

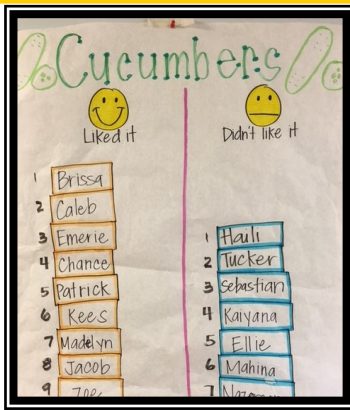

“Play is our brain’s favorite way of learning!”

This week we changed our Dramatic Area into a grocery store to go along with our lesson on Nutrition. Before changing our Dramatic Area, the children were able brainstorm their ideas about what should be in our grocery store and the different roles that can be played such as a cashier, baggers, stock clerk, and of course shoppers! Doing this brainstorm allows the children to “set the stage” themselves using their own background knowledge and creativity. The children also work together to physically change and design the area. They decide and help move the shelves where they should go, how the food should be arranged, where the cashier and baggers will be and how the store operates. This gives the children an opportunity to learn how to cooperate and problem solve. Though our grocery store is not complete and we are still working on it, the children are feeling proud of our IMUA FOODMART!

Taste Testing and Learning!

Thank you for all the fruits and vegetables this week! We tried cucumbers, broccoli, avocados, bananas, sunflower sprouts, and mangoes. Next week we have bell peppers and calamansi!

We were able to incorporate math and literacy with our taste testing. They were able to see how many people liked it, and how many did not and which was “more” and which was “less”. They were also able to engage in literacy thru recipes in our cooking activities and of course enjoyed a healthy snack!
